

**Powell (Bay County)
Florida LAKEWATCH Bathymetric Map**

Florida LAKEWATCH personnel created this map using differentially corrected global positioning equipment (GPS). Map contours are in 2 foot increments and were generated using Surfer 8[®] software (Golden, CO) from data collected on November 17, 2006. The approximate center of the lake is located at Latitude N 30°16'23.379" and Longitude W 85°58'46.355". On this date, the lake surface area was calculated to be 638 acres (258 hectares). This is an approximate bathymetric map and should not be used as the sole source for navigation.
